

Stories of Redstone

20 Years of Ministry Together

Redstone Presbytery and the Presbyterian Evangelical Church in both Sudan and South Sudan celebrate twenty years of sharing ministry!

As a partner in ministry, Redstone has supported critical disaster relief, pastor/evangelist education, economic development, women's ministries, and church planting. In return we have learned lessons about keeping the faith in the midst of disastrous economic, political and social conditions. Our partnership is one of mutual support and encouragement in sharing in the "great commission" of Christ to "go and make disciples of all nations." Having been called to this shared ministry, it has been our privilege to learn from our partners and to serve alongside of them in God's mission here and around the world. We invite all Redstone congregations to celebrate with us in prayer, mission engagement, and financial support through a designated Sunday in September, 2024. Join us in prayer for Sudan/South Sudan ***God of all people, called by you to serve alongside our siblings in Sudan and South Sudan, we pray for peace where there is war, comfort amid grief, relief from suffering and provision for daily needs. We give thanks for our partnership where we learn from each other and serve you that your good news might be proclaimed in all nations. Amen.***

Communicate the Word...Carry on the Work...Change the World
Together!
